Committed to Sustainability

Zero Waste Behavior

WE SUPPORT

Since 2003 Arc International has been committed to the UN Global Compact corporate responsibility initiative.

The UN Global Compact supports companies to:

Do business responsibly by aligning their strategies and operations with Ten Principles on human rights, labor, environment and anti-corruption.

Take strategic actions to advance broader societal goals, such as the UN Sustainable Development Goals, with an emphasis on collaboration and innovation.

93% of water in production used is in a closed loop system

- Arc reuses 99.9% of its post-production glass waste during manufacturing

- Approximately **30%** of each of our glass products are made from recycled glass (Post-Production Pre-Consumer Waste Glass)

Energy Savings

- Reducing Greenhouse Gas emissions by almost **2,500 Metric Tons** in 2019

Reduce

- To make itself a true leader in clean glassmaking, Arc invested in its North American Production Facility to reduce Primary emissions by 75%

Innovative Glass for a Better World™

Accountability, Transparency + Credibility

We strive to go above and beyond internal CSR by collaborating with leading organizations dedicated to sustainable change.

Our initiatives primarily target the following Sustainable Development Goals:

NGO Partnerships

Customer Initiatives

Government Partnerships
